

over to them, and that they would run him away.

The Liberals of Red Deer hold their annual meeting Saturday evening, at which John T. Meigs, ex-M.P.P., will be the selection of the convention. The Conservatives have also arranged to come along to secure the services of E. McMechan to run as their candidate. Mr. McMechan is a member of the party, but states that he will enter the field as an independent Conservative, and support of the Rutherford administration.

The political campaign is on in earnest, and at the end of the week candidates will be in the field to meet the constituents of the province. The following are the principal meetings arranged: Stettler, Friday; Vegreville, Wednesday; Alexander, Thursday; Olds, Saturday; Wainwright, Saturday; Olds, Thursday; Medicine Hat, Friday; Lethbridge, Friday; Inglewood, Saturday; Bear River, Friday; Cochrane, Wednesday.

FOUR LIBERALS ARE NOMINATED

(Continued from Page One.)

city on behalf of the Liberals. Donald McNab, the late labor man, has been nominated in his constituency, but it is possible that he may not be a candidate in Rocky mountain Park, as most of the constituents are miners.

Liberals from every part of the Lethbridge district have been nominated in convention and nominated Dr. J. H. Rivers, mayor of Raymond, as candidate for the nomination in the Lethbridge district. The nomination was contested by W. W. Douglas, mayor of Taber, and Dr. Rivers. He finally made the nomination unanimous. Green enthusiasm and good results were the result of the nomination effected with the following outcome: W. G. Davies, president; D. A. Briggs, general manager; W. G. Beedle, W. G. Hitchcock, Beedle, secretary; and vice-president.

DOUBLE TRAGEDY AT REGINA.

Insane Woman Drowns Young Son and Commits Suicide.

Regina, Sask., March 2—A double tragedy occurred in Regina today when a woman who had committed suicide and it is thought drowned her three year old son. What happened is still a mystery, but it is a mystery, and it is thought that the boy was thrown into the water after the woman had drowned. The husband was absent from the house at the time of the drowning, and was afterwards discovered in the cistern.

Mr. Finlayson was previously Miss Minnie Sheehan, of Sault Ste. Marie, and was married to William Finlayson in that city. They came to Regina about two years ago. Mr. Finlayson, in partnership with S. C. Kinnear, had a business, and since that time has been connected with the same business. Lately Mrs. Finlayson had become insane and unwilling, but no suspicion of her being insane was held by the husband. This morning he found his wife had gone to summon Dr. Johnstone, and was absent about twenty minutes, but on his return found his wife had been doors securely bolted and was compelled to enter through a window. At first he could not find his wife, but found of wife or child and upon the arrival of Dr. Johnstone a baby was found in the cistern. His wife had died as a cistern in the cellar, and after the water was emptied the body was discovered and taken out. How the water was made to enter the tank is not known. The body of the mother of the house and many jumped from the windows of the fifth floor, and the tank and the joists of the house, space of only about a foot, exploded. The body of the mother was found dead, and the above suspicion of the mother putting it in and then drowning her son is the only one possible. The bodies of the mother and the child will be taken to Sault Ste. Marie, for interment.

1st prize ET winner of the Canadian Independence of ICELAND.

Demands in Difficulty Over the Question of Nationalization Opened.

Openings Mac. 3—King Frederik has summoned the Danish ministers to Holland to this city to discuss the controversial relations of their country to Denmark. The question of nationalization, which had been aroused in the Icelandic Parliament, was not made by the committee appointed to deal with the situation. Hanne Hafstein, the Minister of Finance, recently, was compelled to resign his position as Danish minister for Iceland, and was succeeded by Bjorn Jonsson. The latter, who is a well known emigrant, is a strong advocate of the independence of Iceland. This question, looked upon here as a slap in the face of the United States, has been raised if it has been to support the Icelandic minister. Public opinion in Denmark is divided, and there may be any further opposition from Iceland.

ON TRIAL FOR MURDER.

Alleged Slayer of Paddy Green Faces Trial.

Fredrickton, N.B., Mar. 3—Before Judge Landry, the trial began at 10 a.m. of Leon Seppi, an Italo-American, charged with murdering Paddy Green, a well known jewelry merchant, in Fredericton. Dr. Jameson, Solicitor General McLeod is prosecuting. The chief witness is Alexander Paterson, a witness given by Mr. P. Davies, mother of Mrs. D'Arcy Swift, wife of the assistant chief constable.

Witnesses A Maniac.

Toronto, Ont., March 1—C. E. Baldwin, who was captain of the Toronto University rugby team, in 1906, was given the decision yesterday afternoon, that he was not to be tried for the killing of his mother, Mrs. Baldwin, in 1906, who was now aiding Prof. Graham Bell in flying machine experiments.

Baldwin, who was a student at the university on Saturday afternoon, stated that on Saturday evening, Prof. Graham Bell, Mr. Frank Zeppelin's dirigible balloon was a greater menace to England than two world wars.

He said that he had been asked to help him, and the above suspicion of the mother putting it in and then drowning her son is the only one possible. The bodies of the mother and the child will be taken to Sault Ste. Marie, for interment.

ON TRIAL FOR MURDER.

Alleged Slayer of Paddy Green Faces Trial.

Fredrickton, N.B., Mar. 3—Before Judge Landry, the trial began at 10 a.m. of Leon Seppi, an Italo-American, charged with murdering Paddy Green, a well known jewelry merchant, in Fredericton. Dr. Jameson, Solicitor General McLeod is prosecuting.

The chief witness is Alexander Paterson, a witness given by Mr. P. Davies, mother of Mrs. D'Arcy Swift, wife of the assistant chief constable.

Witnesses A Maniac.

Vancouver, B.C., Mar. 1—The government's reply to the local option bill, introduced by Mr. George Green, a date to be arranged. Dr. Spencer, secretary of the local option league, states that the bill was introduced with Green in business travelling out of Montreal, with whom it was was staying. Green got out of the car when the fatal shot rang out, being fired by Seppi.

Prince Albert, Sask., March 2—Edgar Parker, a pool master, was found dead in his room at the Hotel Royal, having committed suicide by cutting his throat with a razor. He had been drinking and was dead. He was fifty three years of age, and was a widower.

BRIGANDAGE AT SINGAPORE. Chinese Revolutionaries Almost Slay Mr. Anna Baxter, Then Suicide.

Singapore, Mar. 1—A number of incidents of brigandage have recently taken place in the outlying districts of Singapore. One of twenty-one Chinese revolutionaries, who recently had been detaining a number of British subjects, they made a series of attacks on the Chinese Imperial troops, and in the course of their raids they almost brought about a serious conflict between French and Chinese.

In view of the way in which these refugees have repaid the hospitality of the Chinese, the authorities are seriously considering the advisability of refusing the admission of future Chinese revolutionaries.

MASONS MUTUAL DEFUNCT.

Business of Life Insurance Company Bought Over by Western Masons.

Winnipeg, Mar. 2—At the annual meeting of the Canadian Masons' Mutual Life Association, which does business in Canada, and has been having some three thousand risks on its books, considerable consternation was expressed over the fact that the company was going out of business and that its assets and liabilities were not being paid off. It was decided that the company was going out of business and that its assets and liabilities were not being paid off.

It was decided that the company was going out of business.

ANOTHER IMPERIAL LINK.

Alberta City Refugees in Freight Cars Surrounded by Armed Citizens.

Ushuaia, N.B., Feb. 29—In a row not

between Greek railroad laborers and citizens, who recently had been detaining a number of British subjects, they made a series of attacks on the Chinese Imperial troops, and in the course of their raids they almost brought about a serious conflict between French and Chinese.

In view of the way in which these refugees have repaid the hospitality of the Chinese, the authorities are seriously considering the advisability of refusing the admission of future Chinese revolutionaries.

BRILLIAN MUN IN AUSTRALIA.

Chas. Clarke, Who Escaped With His Wife, Is Dead.

Vancouver, Alta., Mar. 1—Chas. Clarke, a former resident of New Westminster, who, during the recent miners' strike, was arrested near Bellingham, Wash., and will be tried for murder, was buried yesterday. The deathbed of the deceased, who was 57 years of age, was fully occupied by his wife, Mrs. Clarke, who was born in Australia.

He died in Fremont, Calif.

Fort Churchill Will Form Safe Line of Communication.

Ottawa, Ont., Mar. 2—At a meeting of a corps of guides today, Lieut. J. W. Tyrell, the chief expedition leader, announced that the route from the Hudson Bay route to a military point of view, is safe, and that the guides will be sent to the north to recruit and lead the party.

One citizen was killed and the city was heavily injured.

It is understood that the Greeks took refuge in a freight car which was loaded with supplies.

Edmund T. Barnes, secretary of the Board of Trade, wrote including a newspaper clipping to the editor of the Bulletin, as follows:

"This board request that a grant of \$1,000 be granted for publication in the Canadian Press of the statement for the year 1907."

The detailed statement was as follows:

"The cost of the statement was \$250, photos and cuts \$100. New Westmaster, July 23, 1907, visiting commissioners, \$100, expenses of the board, \$75, salaries, etc., \$360. J. M. Douglas, president of the board, spoke on behalf of the hearty grant which was voted by the board."

A FIVE-YEAR LABOR AGREEMENT SIGNED

Builders' Laborers to Receive \$2.25 Per Day for First Two Years, Then \$2.50 per Day for 8 Hours, Town to Be Given Protection United, Agrees Not to Take Part in Sympathetic Strike.

A five-year agreement has been agreed to by general laborers of International Hod Carriers and Teamsters, Building Laborers' Union of America and the Builders' Exchange of Edmonton, and signs of other organizations, representatives of local organizations, provides for the length of day's work, the amount of pay, the hours of work, and other wages and other matters of interest to both parties.

The five-year agreement stipulates the minimum wage for building laborers and hod carriers shall be \$2.25 per day for two years, \$2.50 per day for the next three years, \$2.40 from April 1st, 1911, to May 1st, 1913, and \$2.50 from May 1st, 1913, to May 1st, 1915. The amount of pay miners shall be paid in proportion. The hours of work shall from 8 a.m. to 4 p.m., except from 12 noon to 1 p.m., straight time for overtime. While the eight hour day was essential, the union insisted that material must be on hand so that bricklayers, and plasterers should not be delayed.

The rescue work at Messina, Protection of Shelters For Victims Proceeding Satisfactorily.

Messina, March 2.—The work of constructing wooden houses with insulation and heating apparatus or maintained with American money to help the earthquake survivors is progressing rapidly. The members of the Italian Red Cross are not part in any sympathetic strike. The members of the exchange agree to do their best to secure employment as far as the union can supply the demand, otherwise they will go to work to earn money to fill the vacancies. The Builders' Exchange refuses to recognize any kind of association between the International Hod Carriers' Union of America. The exchange also agrees that any kind of strike or sympathy may have the right during working hours to go on the job and settle a dispute. The new agreement, which will be in force from May 1st, 1909, to May 1st, 1910, applies to all contracts connected with the building trades.

By this new agreement, a committee made up of men, as good as any in almost any place in America, will receive \$2.25 per day. This is the same standard agreement that has been signed up, the last 12 months between the Builders and the bricklayers and Masons' union.

CANADA CAPTURES TRADE.

Resort Shows Division of Traffic From U. S. Ports.

Ottawa, Mar. 2.—The annual report of the minister of public works, submitted to parliament, comments upon the results of the Canadian port of entry in its routes and its effects in developing traffic from America to Canada. One of the principal arguments in the construction of the Georgian Bay ship canal, and one of the last few years, was that the Dominion would not be justified in spending the enormous sum required in the carrying out of the scheme, in view of the fact that this river route was not used by foreign shipping, and that Montreal had succeeded in taking away from Boston and New York. The result of the new Canadian grain export trade, the St. Lawrence route has captured the immense and ever-increasing tonnage of grain and wheat and is in a fair way to monopolize that on the Western American States.

The report of the minister states that there had been an enormous increase in the navigation of the St. Lawrence river, and that New York had lost the European commerce which goes to Montreal. Sir John A. Macdonald, successfully fighting Portland, Maine, for winter transportation route, is recognized as the author of the scheme. The rival routes of the two nations are now in full blast, and the Canadian being constructed under the present direction in Queen Helena, Washington, U.S.A.

EXEMPTED PROPERTY \$64,230,516.

A Marked Increase Shown in the Exemptions in Montreal.

Montreal, March 2.—According to civic statistics, exempted property in Montreal has increased \$1,000,000 in value in dollars in value. The following table shows the exemptions in the various wards for 1907 and 1908.

Ward	1907	1908
Concierge	\$ 2,300,000	\$ 2,500,000
West	4,630,000	5,180,000
St. An's	1,048,000	1,046,000
St. Joseph	1,048,000	1,046,000
St. George	880,750	881,450
St. Lawrence	3,772,000	3,855,000

Mont Royal	—	991,500
Totals.	\$ 55,914,313	\$ 64,230,516

The table of taxable property in the city shows the following increase in value during the year: \$216,619 to \$282,261,953, being an increase of \$65,642. This includes \$17,043 for land and \$165,218 for buildings.

RESCUE WORK AT MESSINA.

Construction of Shelters For Victims Proceeding Satisfactorily.

Messina, March 2.—The work of constructing wooden houses with insulation and heating apparatus or maintained with American money to help the earthquake survivors is progressing rapidly. The members of the Italian Red Cross are not part in any sympathetic strike. The members of the exchange agree to do their best to secure employment as far as the union can supply the demand, otherwise they will go to work to earn money to fill the vacancies.

The Builders' Exchange refuses to recognize any kind of association between the International Hod Carriers' Union of America. The exchange also agrees that any kind of strike or sympathy may have the right during working hours to go on the job and settle a dispute. The new agreement, which will be in force from May 1st, 1909, to May 1st, 1910, applies to all contracts connected with the building trades.

By this new agreement, a committee made up of men, as good as any in almost any place in America, will receive \$2.25 per day. This is the same standard agreement that has been signed up, the last 12 months between the Builders and the bricklayers and Masons' union.

ARMIES ARE FACE TO FACE.

Only a Few Kilometers Separate Austria and Russia Troops.

Vienna, March 2.—The war office, greatly concerned because of the constant leakage of news as to the condition of the frontiers, has issued a circular to all the districts to the effect that no news whatever will be compelled to swear not to reveal news of any kind from Russia, Austria, or Italy. The government is doing its best to keep the frontiers quiet.

The present outlook for the moment is extremely hopeful, the relations of Austria and Russia are now at a standstill.

The rival armies of the two nations are now in full blast, and the British being constructed under the present direction in Queen Helena, Washington, U.S.A.

FIGHT IN COURT FOR SACKVILLE PEERAGE

Ernest West Claims to Be Legitimate Son of Lord Sackville, British Minister at Washington, and His Heir According to Will and Estates from Nephew of Late Earl.

Montreal, March 2.—According to civic statistics, exempted property in Montreal has increased \$1,000,000 in value in dollars in value. The following table shows the exemptions in the various wards for 1907 and 1908.

Ward	1907	1908
Concierge	\$ 2,300,000	\$ 2,500,000
West	4,630,000	5,180,000
St. An's	1,048,000	1,046,000

ARE HOODWINKING THE PEOPLE OF MANITOBA?

GERMAN POLITICAL CRISIS.

Should Elections Give Advance Majorities on Berlin to Bust More Troubles.

Berlin, Mar. 2.—The internal political situation in Germany is approaching a crisis. The financial and economic revenue measures undertaken by the government in its attempt to stabilize the currency, it is believed, are failing. In the political field, the government is dissolved.

The Conservatives and the Liberals, who are in the opposition, are threatening to call another election if the government does not dissolve.

distance of 22 miles, the rate was 20 cents. In Manitoba, from 35 to 50 miles, the rate was 25 cents. In New Brunswick, from 250 to 290 miles the rate was \$1.10. In New Brunswick, 10 miles or less, the rate was lower rates for three minute conversations, and yet the Opposition did not insist that the telephone rates be reduced.

"When the government of Manitoba told the people the rates were too high, they got a cheaper telephone system," said Mr. Carvel. "They charged us 25 cents per call, and that is not getting a cheap telephone system." Mr. Carvel said that the telephone rates proposed for 1910 are simply to be increased, which he thinks will be a delusion and a snare.

BASEBALL.
EDMONTON AFTER BALL MANAGER

Baseball clubs go through the motions of the Edmonton professional baseball team, and the Canadian baseball league will be John Morris, who was manager of the Lettuce team in 1907. He has offered his services to Morris to take care of the post-season work. His arrangements can be made for him to start in business in Edmonton. He is at present managing the Morris team.

Morris is a good manager and baseball managers that could be had, and the Edmonton club are to be congratulated. The manager of the team was only his good work in Lethbridge in 1907 that got him his position in the hole. In 1908 of 1909 he quit the Houghton team in the Northern Ontario League, and the manager of the team is in close touch with the people, and all the old and new and die-hard states leagues have given up the game. The Eastern and Western Canadian leagues are to pick up a bunch of ball teams right away, and the Western Canadian League in the western Canadian ball game is over.

Morris is finally signed as manager, as is expected in the course of the next few days. He will be asked to pick his team and will be up here early in April with a bunch of players ready for the opening of the season, and expensive training trip this year, and the players will be asked to jump right into the game and earn their money by a margin of 25 per cent.

Morris is a good player as well as a manager. He is a good manager and a man who can make some left-handed bats that will parake the batons.

The Edmonton club in this matter should see that ready for business when the season opens. Every club in the city is in a panic over the All-Canadian League which is to open in April. If the Western Canadian League is concerned anyway, it will be a success from the start.

ALL CANADIAN LEAGUE FORMED.
Edmonton, March 2.—The delegates to the New All-Canadian Fall League, consisting of F. M. Gray, manager of the Kitchener, G. S. Pringle, Midland Hat; H. Nicholson, manager of the Galt, and W. J. Westerhoff, Brandon, met on Monday at the Wascana Hotel, and formed an All-Canadian League, the Western Canada Professional Baseball League.

President J. M. Lamb occupied the chair, and the balancing up of business in the new organization was in order of business.

Mike Jaw noticed the committee that they are here and it is the decision of the league to accept their application, and the All-Canadian League application is considered as the eighth club. The application for franchises from Lehigh, Cobalt, Galt, Brandon, and Brandon does not transfer to Regina. The enthusiastic display was a mark of respect of the members of the All-Canadian, and after considerable discussion of the franchise, it was decided that the new team be elected as follows: Jas. F. Ferguson, Manager; H. H. Anderson, President; R. B. Ferguson, Honorary President; Jas. F. Ferguson, Lamb, Winnipeg, Manitoba.

The deposit was shared \$4500, and the secretary treasurer was granted a salary of \$800. The All-Canadian League will be in session in April, though Lehigh proposed an amendment of \$1200, the total receipts to be divided between the clubs, each receiving 50 per cent., and the grand total \$5700.

The meeting displayed an added interest in baseball for the West and the representatives of the various cities, after footloose, carefully considering every expense, were quite satisfied that the Western Canada League will figure in helping clubs to succeed. Jas. F. Ferguson, manager of Moose Jaw, H. H. Anderson, and Kite, was appointed also a board of control consisting of the different delegations present.

MOOSE JAW COMPLETES CIRCUIT.
Moose Jaw, Ssa.—Mar. 2.—The Western Canadian League, which first committee arrived in Moose Jaw today, consisting of President J. Fleming, B. D. Ferrier, manager of the Galt, W. Kirby, and S. C. Pringle, members of committee, and Jas. F. Ferguson, manager of the Medicine Hat club. At a meeting this afternoon they met prominently, and after investigation and examination of the details of the league, the visiting officials left for the circuit this morning. On resolution by Jas. F. Ferguson, and Ferguson, it was decided to make application to the Western Canada League. The same being put before President Fleming was granted, and the meeting went into detail, organization and management being wired for. The circuit of eight teams is now complete.

THE TRACK.
DORANDO MEADOWS

Toronto, Mar. 3.—Dorando defeated Fred Molson, of Guelph, in a twelve mile race, running the distance in 46 minutes, on the hard board track, twelve laps to a mile, in the good time of 1:07. Molson, of Guelph, ran the first lap and at the fourth mile was a lap and a half ahead. Dorando gradually cut down the lead, and when he came from his countrymen, until he passed the recent amateur at the seventh mile, he was only one and a half laps behind. He had an advantage of nearly seven lance.

The contestants were sent away at 9:45 by Mr. Fraser, M.P., of Welland. Dorando started into the lead and Molson followed him closely. When the fifth lap was completed. At this point, Meadows sprinted and passed the Italian, and when he reached the eighth lap, he was leading by about half a mile. Time, 4:51.

Dorando's time was 1:07.31.12 and Meadows 1:11.10. Meadows was the first Canadian to finish in the Olympic marathon.

MURDER COMMITTED SUICIDE.
Montreal, March 1.—Henry M. Sauerman, serving a life sentence for murder in the second degree for slaying his wife, committed suicide in his cell between midnight and 1 a.m. Saturday morning. He was found hanging by a cord made from the covering of his pillow. He was received at prison at 10 a.m. Saturday morning. The coroner's inquest is in progress, and he will be buried before March 16.

POINT COMPETITION.

The points competition in the Twin City Hospital commenced this morning at 1:30 o'clock and will be continued throughout the month of March. The outside entries in this competition will play off on their own ice, and results of their games will be forwarded to Secretary Jones. All the games must be finished before March 16.

Which Means Investment of Canadian Money Abroad

Indian Head, Sask., March 3—A pretty interesting ceremony at Indian Head saw the Winnipeg Shamrocks in the second game of the series. The game was a fast game on Monday evening, and there is every probability that the Tuesday game will be even faster. The Shamrocks will pack to the doors. Already all the choice seats are gone and by 10 a.m. Saturday the seats will not be a seat left.

The Shamrocks will be out to win, but they are not the slightest doubt. They have already challenged for the Stanley cup, and if they are defeated, they will feel more like retiring to their burrows in Winnipeg rather than stepping into the hole. The Shamrocks will play the Stanley cup. The greatest number of goals in the two games will be scored by the Shamrocks.

AROUND THE CITY

LOCAL

PERSONALS.

Mr. Wm. Moffat, of the C.N.E., returned to his home yesterday after a short visit to Winnipeg.

The Ladies' Curling club will have their last match and tea on Thursday afternoon at the Dominion curling rink.

The city commissioners will shortly call for tenders for the paving of the boulevards of the city during the summer months.

The first week of March has been very quiet at the police court. All but the business of the week thus far has consisted of several drunk and several wages cases.

The union prayer meeting of the churchmen of the city will be held in the Seminary this evening. Rev. Mr. MacLean presides.

A meeting of the Education Exhibition Association was held in the council chambers on Friday, March 5th, at 7 p.m., for the purpose of electing the officers.

The weekly drill of "A" squadron of the Royal Flying Corps will be held in All Saints school room last evening. About 150 spectators attended. A well executed aerial display was given by Capt. H. H. Histon delivered a very interesting address on "Sanitation."

During the month of February the leading permits for Edmonton totalled 1,000,000 dollars. The value of all building permits for the month of March was \$1,050,000.

Building in the capital up to the present time has been so rapid that no decrease will be retained over the southern end.

The contract for the supply of many tunnel benches and physical culture equipment for the new Normal school has been let to the W. H. Clark Co.

The firm secured the contract for the physical and musical training equipment for the McKay Avenue and Alexander Taylor schools.

An old timer's social will be held on Thursday afternoon and evening. The local Conservatives held a meeting in the Club rooms on Howard Street, W. H. Clark being the chairman and at which the principal speaker was A. F. Ewing, the Conservative candidate for the constituency. Several complaints were that the government had not printed copies of the acts of parliament and that the railways had not laid the tracks. The remaining directors clearly before the meeting that the railway line from Lesser Slave Lake, on the way to Lesser Slave Lake, on the way to Lesser Slave Lake, must eventually reach the fact that the new Lesser Slave Lake. This amendment was originally there was suggested by W. F. Bredin, member for Athabasca, whose interests were violently interested in the railway.

SETTLERS FAVOR BREBIN.

Benjamin Coe, a farmer from Leslie, who settled in this city last year, secured sufficient signatures to have the Legislature pass a bill in favor of W. F. Brebin and will seek its re-election.

Mr. Brebin has served in an excellent manner in the past two years and Mr. Coe expressed the hope that he would be re-elected by a large majority.

C. P. R. PASSENGERS.

The following are some who have left this city this week on the C.P.R. for various points in Canada and the United States.

C. G. Webb and wife, Hamilton Ont.; Lydia Fleming, Topka, Kan.; W. H. Harris, Dr. Irving, Toronto; Mr. and Mrs. Agar, Wartons, Ont.; Mr. and Mrs. Parker and children, Spokane; H. W. Hougham, Mrs. E. Hesley, Mrs. M. E. Carroll, Mrs. Livingston, Toronto.

TAXES IN ARREARS.

Edmonton's showing in the small amount of arrears of taxes covering last year and all previous years is encouraging, according to the city tax department.

With a total assessment of over \$23,000,000, the arrears are \$800,000, also covering a number of years.

It is felt that either the Edmonton tax department or the tax offices in Stratford are not acting with due energy in gathering in overdue amounts.

SUNDAY STREET CARS.

The city council will take action to secure a permanent street car system, it is officially brought to their attention.

This was the statement made by the Bulletin representative in May. He said that the city fathers were not yet in agreement as to what Sunday day car service could be run.

The president of the evening was Mr. Tom Hobson, who was for many years a member of the Board of Trade.

The toast of "The King" was well received by Mr. E. Evans, who responded to the toast that it is not up to the city fathers to say anything about the taxpayers' rights, but is up to the taxpayers themselves.

He said that Sunday cars could be run if the city fathers would be willing to let Mr. David Jones, "The Citizen of Edmonton" by Mr. G. Wynne-Owen, and Mr. W. D. Jones, who although an American by birth is a Canadian by adoption, speak on the subject.

The address of the evening was given by Mr. J. W. McLean, who has been a member of the Board of Trade for many years.

The weather during the day through the prairie provinces has been unusually cold, especially in Alberta, but during the night the thermometer sank to 20° below zero in both Saskatchewan and in Manitoba.

Forecast: Manitoba and Saskatchewan—Fine today and on Thursday.

Alberta—Fine and mild today and on Thursday.

The range of temperature in the various centres yesterday was:

Calgary (fair). 18°

Lethbridge (cloudy). 21°
